Mel,

Not sure if you heard back from Harvey but he tells me they are going to revise D4808 and change D4596-1 to D4808-3 for the D4808-041 assembly. He wants to keep the D4596 drawing for his other project. Perhaps Harvey can give you a timeline as to when the drawing will get updated.

Thanks,

Kim Johnston

Hi Harvey,

Is there a way you can approve the drawing we currently used that was prelim through an ecn? The reason being is that the kits were approved in July. Since then, they have been using D4596-1 in the assemblies, thinking everything was good.

Please advise
